Access Securepak CD Creator

Search through millions of song titles to create your custom CD

For only \$20.07, you can purchase a customized CD with up to 10 of your favorite songs. We strongly suggest you list at least FOUR alternate songs. If you select a song(s) that is not available, we will use your alternate song(s) as a replacement. In addition, a refund will not be provided if your 10 songs exceed the CD track length. You may check the box below if you do NOT want to receive a CD without the maximum allotted number of 10 songs.

Due to our Customized CD Program's unique nature, all CD sales are final (unless defective). If a non-defective CD is mistakenly returned, you will have 30 days to inform us of the correct location where the CD needs to be sent. You will then be charged a reprocessing and handling fee of \$4.00, and your CD will be delivered promptly to the new location.

If a song on your CD has been downloaded incorrectly, the CD should be returned to the Property Officer at the facility. After confirming that the CD had a defective song, we will replace the entire CD and update it with the correct song. However, if the song was downloaded properly and did not contain a defect, we will reship the CD and you will be charged a shipping and handling fee of \$4.00.
